MEMORANDUM FOR: Chief, Operations Branch, DPD-DD/P

ATTN : Technical Section

SUBJECT : Granger Black Box

To alleviate the possibility of excessive modifications to the Granger Black Box being performed by field maintenance personnel, it is requested that a full length altitude flight be made with equipment installed in the U-2C. If any failures occur in such a test flight, the unit should not be deployed to the field and the necessary modifications and tests to make the unit operational should be performed at the Test Site.
